BULL TERRIERS

“Upstanding and substantial. Strong head with a moderate profile but above average eye / ear / expression combo, mouth correct. Impeccable front, well-laid shoulder, smooth topline, ample spring of rib, sturdy rear. Movement accurate coming, reliable going ‘round, a bit close behind”.

~ Anita Bartell

“This is a very substantial bitch with very good bone and very good substance she has a really clean front, both standing and on the move

~ David Alexander

“A very substantial bitch with lots of bone and substance her ears are up on top of her head and she has a really keen eye. Won on her bone and substance. “
